Address of PI: City, State, Zip _____
Email address _____
Date: _____ Grant Number: **(to be assigned)** _____

Budget Amount Requested: _____

Proposed Duration of Project: _____

Abstract of Research Proposal: please provide a one-paragraph summary of the proposed research.

Creation Research Society

Grant Application Body

Objective of Research: please outline the problem your research will address, along with your current working hypothesis.

Literature Review: please outline the current state of understanding with regard to this problem area.

Biblical Integration: please outline the biblical basis for this research, specifying how it will develop and/or defend the creation model.

Methods, Materials, and Analysis: please provide a short research roadmap outlining the procedures you anticipate using.

Anticipated Time Line (Milestones/Deliverables): please provide a timeline for the research, listing anticipated milestones and deliverables; deliverables must include submission of a *CRSQ* journal article.

Detailed Budget: please download, fill out, and submit a [Budget Proposal Sheet](#), making sure to provide justification for budget items. Please remember that any equipment or resources purchased with CRS funds become (at the discretion of CRS) the property of CRS.

Background and Qualifications: please attach a resume/CV for the principal investigator. If you have not previously received CRS funding, please explain your qualifications for performing this research
